1. **Substance / Preparation and Company name**

   **Product Name:** Permite; Lojic +; GS-80, GS-80 Spherical; F400; Ultracaps +; Ultracaps S; SDI Admix; SDI Spherical and New Ultrafine Capsules.

   **Recommended use:** For filling of cavitated teeth by dental professionals.

   **Manufacturer / Supplier**

   - **SDI Limited**
     - 3-13 Brunsdon Street, Bayswater
     - Victoria, 3153, Australia
     - Telephone: +61 3 8727 7111 (Business hours)

   - **SDI Inc.**
     - 729 N.Route 83, Suite 315
     - Bensenville 60106 IL, USA
     - Telephone: 630 238 8300 (Business hours)

   - **Southern Dental Industries Ltd**
     - Block 8, St Johns Court
     - Swords Road
     - Santry, Dublin 9, Ireland
     - Telephone: +353 1 886 9577 (Business Hours)

   - **SDI Brasil Indústria e Comércio Ltda**
     - Rua Dr. Virgílio de Carvalho Pinto, 612
     - Pinheiros, São Paulo, 05415-020 Brasil
     - Telephone: +55 11 3092 7100 (Business Hours)

   **Emergency contact number:** +61 3 8727 7111

2. **Composition / Information on ingredients**

   **Capsules**

3. Hazard Identification:

These products contain mercury. It is toxic if inhaled and acute exposure may cause allergic reactions including dermatitis, digestion and respiratory disorders.

California Prop 65 Warning: This product contains mercury, a chemical known to the State of California to cause birth defects or other reproductive harm.

Classification according to Directive 790/2009/EC:

4. First Aid Measures

General advice: Contains metallic mercury. In case of accident or if you feel unwell, seek medical advice immediately (show label where possible).

If inhaled: Very toxic by inhalation. Remove to fresh air. Seek medical attention. If not breathing give artificial respiration. May cause respiratory disorders including inflammation and fluid retention. Inhalation of mercury vapours at high concentration can cause dyspnea, coughing, fever, severe nausea, vomiting, excess salivation, kidney damage with renal shutdown.

If ingested: Call a physician immediately. Give large amounts of water.

On skin contact: Wash skin with soap and water. Remove contaminated clothing. May cause irritation and allergic reaction.

On contact with eyes: Wash with clear, tepid water. If irritation persists, obtain medical attention. May cause irritation and allergic reaction.
5. **Fire Fighting Measures**

Suitable extinguishing media: As for adjacent fire. Avoid direct water stream. Do not allow water runoff to enter sewers and waterways. Remove product from the fire area if this can be done without risk.

Special protective equipment: In fires involving large quantities of product, use self-contained breathing apparatus and full protective clothing.

Further information: Hazardous decomposition products may be produced. (Sec. 10).

6. **Accidental Release Measures**

**Spillages:** Mercury presents a health hazard if incorrectly handled, and is dangerous for the environment. Spillages of mercury should be removed immediately, including from places which are difficult to access. Wearing protective clothing, use a plastic syringe to draw it up. Smaller quantities can be covered by sulphur powder and removed. Avoid inhalation of the vapour.

Personal precautions: Wear appropriate MSHA approved respirator, gloves, safety goggles and protective clothing to prevent skin contact and inhalation.

Environmental precautions: Prevent any spillage from entering drains or waterways.

Methods for cleaning up: Avoid contact with skin and eyes, and avoid inhalation. Pick up with dust pan or method that does not break up mercury into smaller droplets, etc. Store in a sealed plastic container, away from heat and flame, until disposal via an approved Recycler and according to local regulations.

7. **Handling and storage**

**Handling**

Do not breathe powder and avoid exposed mercury surfaces. Wear appropriate gloves, goggles/face protection and protective clothing to prevent skin contact. Wash thoroughly after handling. Keep away from food, drink and around animal feed stuffs.

**Storage**

Keep container tightly closed and dry. Storage in large quantities (as in warehouse) should be in a ventilated, cool area. Do not store in metal containers. Keep away from sources of ignition and elevated temperatures, recommended <25°C.

**Distribution**

During distribution, to our customers, this product can be transported in non-refrigerated conditions between 15°C to 25°C. This product can also withstand temperatures up to 40°C for short periods (2 to 3 days) and intermittent peaks up to 50°C.
8. Exposure controls and personal protection

8-Hour TWAs: Mercury - 0.025 mg/m³ (Skin) (ACGIH); 0.05 mg/m³ (Skin) (OSHA/UK & NOHSC/Australia); 0.1 mg/m³ (Short term) (Germany); Silver - 0.01 mg/m³ (OSHA/Germany); 0.1 mg/m³ (ACGIH/U.K. & NOHSC/Australia) Tin - 2 mg/m³ (OSHA/ACGIH/Germany & NOHSC/Australia); 5 mg/m³ (U.K.); Copper - 1 mg/m³ (OSHA/ACGIH/Germany/UK & NOHSC/Australia) Indium - 0.1 mg/m³ (OSHA/UK & NOHSC/Australia) Zinc - 1 mg/m³ (ACGIH)

These levels are not anticipated under foreseeable use conditions.

Personal protective equipment

Respiratory equipment: None required under normal use conditions.
Hand protection: Impervious gloves.
Eye protection: Safety goggles.

General safety and hygiene measures: Use only as directed. Wash hands after use.

9. Physical and chemical properties

Form and Colour: Silver alloy powder and mercury in separate compartments of a plastic capsule.

Odour: Odourless
Melting point / melting range: (Mercury): -38.9°C
Boiling point / boiling range: (Mercury): 356.6°C
Flash point: Not applicable
Explosion limits: Not applicable
Ignition temperature: Not applicable
Vapour pressure: (Mercury) 0.0012 mmHg at 20°C
Specific Gravity: (Mercury) 13.6 g/cm³
% Volatiles: Not applicable
Solubility in water: Insoluble
Solubility in other solvents: Insoluble in alcohol
pH value: Not available
Octanol / water partition coefficient (log POW): Not determined
Viscosity: Not determined
Other information: N/A
10. Stability and Reactivity

Thermal decomposition: No decomposition under normal conditions
Substance(s) to avoid: Strong oxidizers
Hazardous reactions: Mixtures of mercury with acetylene, ammonia, chlorine dioxide, methyl azide, chlorates, nitrates, or hot sulfuric acid can be explosive. Readily amalgamates with most metals.
Hazardous decomposition products: Slightly volatile at room temperature, atmospheric pressure. When exposed to high temperatures, mercury vaporizes to extremely toxic fumes.

11. Toxicological information

Critical hazards to man: Very toxic by inhalation. Toxic - danger of serious damage to health by prolonged exposure through inhalation. Acute exposure may cause allergic reactions including dermatitis, digestion and respiratory disorders. May cause harm to the unborn child.
Critical hazards to the environment: Dangerous for the environment. None available regarding product. Some information supplied for ingredient(s).
LCLo / Inhalation / Rabbit: (Mercury) 29 mg/m³/30 Hour
Chronic Health Effects: Inhalation of mercury vapours, dusts or organic vapours, or skin absorption or mercury over long periods can cause mercurialism. Symptoms include tremors, inflammation of mouth and gums, excessive salivation, stomatitis, blue lines on gums, pain and numbness in extremities, weight loss, mental depression, and nervousness. Exposure may aggravate kidney disorders, chronic respiratory disease and nervous system disorders.

Alloy powder and mercury are in pre-dosed capsules, so the danger of exposure to mercury vapours is low.

12. Ecological information

German "Wassergefaehrungs Klasse (WGK):3
This product must not enter effluent, ground water, surface water or the soil.
13. Disposal considerations

Product: Dispose of in accordance with local regulations.

*The 1991 Environmental Protection (Duty of Care) Regulations SI No. 2839 and amendments should be noted* (United Kingdom).

14. Transport information

IATA:
- Product: Amalgam Capsule
- Contains: Mercury
- Proper Shipping Name: Mercury contained in manufactured articles
- UN Number: UN 3506
- Packing Group: III
- Class (sub risk): 8 (6.1) Corrosive & Toxic
- IATA Limits: EQ - E0 (not permitted as excepted quantity)
  - LQ - Forbidden for passenger and cargo aircraft
  - CAO - no limit
  - PAX - no limit

Not classified as Dangerous Goods for sea, road and rail transport.

15. Regulatory information

These products are regulated by:

- TGA
- Medical Devices Directives 93/42/EEC
- FDA
- National regulations
16. Other information

Preparation of MSDS:
